

# COME ALONG FOR THE RIDE

With the SPACE Bus becoming the unofficial emblem of Participation Works NW, as young people and families from across the Burnley and Pendle region recognise our vibrant vehicle as a fantastic place to learn, socialise, stay safe and thrive, we wanted not only to take the bus out into the community, but to bring the community on board with all that our organisation has to offer.

Is your business or venture looking to support a great local cause that promotes opportunities and reaps benefits for future generations within our community?

We hope so, because we're looking for sponsorship from willing Ambassadors across the region.
